

the kart, (**see point 7.17 for more information**) with the exception of tire pressures, which can be adjusted by the driver or his/her mechanic and by using his/her own means (tire pressure gauge).

B) Once the gate are closed (servicing park to assembly area) each driver with his kart placed on a trolley and pushed by his "A" mechanic will leave the assembly area to take up their positions on the starting grid for the race. From this point, karts must be ready to race; any further work, adjustment and/or set up on the kart (with the exception of tyre pressures) are strictly forbidden (**see point 7.17 for more information**). Tire pressure adjustment must stop without delay after the "3 minutes"-board followed by the audible warning, at this time the mechanic must leave the assembly area immediately.

C) When the "3 minutes"-signal is shown, along with a "CLEAR THE TRACK" board, all karts must be ready and laid down on the track. At this time, the mechanics will leave the grid to go to the assembly area with the trolleys of the karts. Interviews may no longer take place once the "3 minutes"-board has been shown. Everybody except Drivers and Officials must leave the grid.

D) "30-seconds"-signal/light: 30 seconds after this signal, the green flag and/or light will be shown at the front of the grid to indicate that the karts must begin a formation lap, keeping to the order of the starting grid and in conformity with the CIK-FIA general prescriptions.

E) Should a driver require assistance after the "30-seconds"-signal, he or she must indicate this to the marshals and, once the other karts have left the grid, it will be pushed to the assembly area, and the mechanic may assist on the kart. In this case, marshals with yellow flags will stand beside the kart (or karts) concerned to warn the drivers on the formation lap.

Marshals will be instructed to push any kart remaining on the grid after the start of the formation lap to the assembly area immediately.

If a driver starts from the assembly area after the intervention of a mechanic, he will be authorized to do so only on the orders of a marshal, and he will take the start from the back of the formation, irrespective of the number of formation laps and his/hers position (**see point 7.17 for more information**).

7.10 Start delayed

If the clerk of the course considers of safety reasons that the start must be delayed, the following procedure will take place.

A) A time will be given where change can be made.

B) Entrants/drivers outside this time will not be able to enter the race.

C) By tire change:

- The width of the rear and front wheel may be adjusted but must conform to CIK-FIA Technical Regulations

- No other modifications and/or changes are permitted.

7.11 Starting procedure

A) The start signal shall be given by means of lights.

B) The start will be of the «rolling» type. The regulations for "Rolling start for karts with clutches and without gearbox" of the CIK-FIA general regulations apply. The grid being constituted of two lines of karts.

C) The Organizer following a decision of the Stewards has the right to change starting procedure from "Rolling Start" to "Standing Start" or "One Line Rolling Start" with Slow Boards.(SC in car racing)

D) Two 2-meter wide lanes bordered by white lines will be painted over the 110 meters leading to the start line. A yellow line shall be painted 25 m ahead of the start line.

E) As soon as the clerk of the course indicates with the green flag that the karts may take the start, the drivers are «at the orders of the clerk of the course» and may no longer receive any outside help. Any driver who has not placed himself at the orders of the clerk of the course in time with his kart in working order will be allowed to leave the assembly area only at the orders of the clerk of the course or of the officer in charge of the assembly area.

F) Karts will cover one warm up lap and one formation lap (total 2 laps) before the start may be given. It is forbidden to overtake another driver under pain of a penalty inflicted by the stewards (10 seconds or exclusion from the heat). If a driver stops for any reason during the formation lap, he will not be allowed to try and start again before he has been passed by the whole field.

He shall start again from the back of the formation. Should he try to start ahead of the field in the hope that the leading drivers overtake him, he would be shown the black flag and be excluded from that race.

G) Driver who is delayed will have the possibility of regaining his grid position only if this maneuver does not impede other drivers and in all cases before having reached the red line which will be materialized on the track, equipped with a time keeping loop and indicated by the race director or the clerk of the course at the briefing.

It is forbidden to use any course other than the track used during the race to regain his start position.

H) If the clerk of the course considers that a driver has been immobilized as a result of another driver's mistake, the clerk of the course may stop the formation lap and start again the starting procedure on the basis of the original grid or allow the impeded driver to regain his position.

I) The Clerk of the Course will give the start as soon as he is satisfied with the formation.

J) At the end of the formation lap, drivers will go at slow speed towards the start line assembled in two lines of karts. During the approach stage, the red light will be on. No karts may accelerate before the red lights have been switched off. Karts must maintain their position until the start signal is given. If the clerk of the course is satisfied with the formation he will give the start by switching off the red lights. If he is not satisfied with the procedure, he will switch on the orange light, which means that an extra formation lap must be covered. Should the engine of a driver stop during formation lap, an official or mechanic nominated to carry out that task may restart him as soon as he/she has been passed by the entire field. He may then rejoin at the back of the formation and must not try to regain his grid position. If the kart cannot be started, then it must be removed from the track to a place of safety. Similarly should a driver fall behind the entire field without stopping, he must remain at the rear for the start and must not attempt to regain his position.

K) In the case of repeated false starts or incidents during the formation lap(s), the clerk of the course, acting as a judge of fact, may stop the starting procedure by means of the red flag and inform the stewards, who will be entitled to inflict on the offending drivers a penalty according to the FIA-CIK General Prescriptions. A new procedure will begin either immediately or within 30 minutes, according to the circumstances. The starting grid will be the same as for the initial procedure. All the drivers present in the starting area or in repair area before the procedure was stopped will be allowed to take the start of the new formation lap.

L) Any attempts to jump the start or delay it and any karts leaving the lane before the lights are switched off shall be sanctioned according to the FIA-CIK General Prescriptions.

M) A jump start will be deemed to have occurred when a driver crosses the start line ahead of his prescribed grid position at the start of the race. This is recorded by the timing system, and the official timekeepers who act as judges of fact and will determine if a jump start has been committed. The penalty refers to the FIA-CIK General Prescription

N) As soon as the start has been given, racing conditions are applied and, irrelevant of the position of a kart on the track, it is forbidden to give it any assistance, except for parking it to a safe location.

O) The stewards may use any video or electronic system likely to help them to take a decision. The steward's decisions may supersede those taken by judges of fact. Any infringement to the provisions of the code or of these sporting regulations relating to the starting procedure may entail the exclusion of the kart and of the driver concerned from the event.

7.12 Stopping a race

A) Should it become necessary to stop the race or practice because the circuit is blocked by an accident or because weather or other conditions make it dangerous to continue, the clerk of the course shall order a red flag to be shown on the line. Simultaneously, red flags will be shown at marshal's posts provided with these flags. The decision to stop the race or practice may be taken only by the clerk of the course (or, if he had to leave, by his deputy). If the signal to stop racing is given:

Case A: during practice, all karts shall immediately reduce speed and go back slowly to the «Finish» servicing park, and all karts abandoned on the track shall be removed.

Case B: during the qualifying heats, all karts will immediately reduce their speed and go to the «Finish» servicing park entrance or stop on the track at the place designated during the briefing, considering that:

- the classification of the race will be the classification at the end of the lap prior to that during which the signal to stop was given
- karts or rescue vehicles may be on the track
- the circuit may be totally blocked because of an accident
- the weather conditions may have made it impossible to drive at high speed on the circuit.

The procedure to be followed varies according to the number of laps completed by the race leader before the signal to stop was given:

- less than 75% of the distance scheduled for the race (rounded up to the nearest higher whole number of laps). If the race can be restarted, the article of the FIA-CIK General Prescriptions will apply.

- 75% or more of the distance scheduled for the race (rounded up to the nearest higher whole number of laps). The karts will be directly led to the parc fermé, and the race will be considered as having stopped when the leading kart crossed the line at the end of the lap prior to that during which the signal to stop was given.

Case C: during a race of the final phase, all karts will immediately reduce their speed and go to the «Finish» servicing park entrance or stop on the track at the place designated during the briefing, considering that:

- the classification of the race will be the classification at the end of the lap prior to that during which the signal to stop the race was given
- karts or rescue vehicles may be on the track
- the circuit may be totally blocked because of an accident
- the weather conditions may have made it impossible to drive on the circuit at racing speed.

The procedure to be followed varies according to the number of laps completed by the race leader before the signal to stop the race was given:

A) Less than 2 laps. No points will be awarded. If the race can be restarted, the article of FIA-CIK General Prescriptions will apply.

B) More than 2 laps but less than 75% of the distance scheduled for the race (rounded up to the nearest whole number of laps). If the race can be restarted, the article of FIA-CIK General Prescriptions will apply. Should this not be possible, half the points will be awarded.

C) 75% or more of the race distance (rounded up to the nearest whole higher number of laps). The karts shall be sent directly to the Park Fermé and the race will be deemed to have finished when the leading kart crossed the line at the end of the lap prior to that during which the race was stopped. Full points will be awarded.

7.13 Restarting a race (Qualifying heats or final races)

A) Working on karts will be allowed only in the Repair Area; the only persons allowed to intervene on a kart are the Driver himself and his appointed Mechanic, holder of the appropriate pass. Refueling will not be allowed. All karts must be ready at the 3 minutes board.

B) After a suspending situation, the delay will be kept as short as possible and as soon as resuming time is known, Drivers will be informed. In all cases at least a 10 minutes warning will be given. Boards will be presented 10 minutes, 5 minutes, 3 minutes, 1 minute and 30 seconds before the resumption. Each signal will be accompanied by an audible warning.

C) The Race or Heat will be resumed with the "SLOW" process and Article 2.20 (CIKFIA General Prescription). The length of the new race will be equal to the difference between the scheduled number of laps and the number of laps covered. The Drivers who have crossed the Finish Line at the end of the lap prior to that on which the race was stopped and those who were in the Repair Area when the red flag was shown will be allowed to take the new start.

D) Resuming start positions will be determined by the finishing order at the end of the lap before the one on which the race was suspended.

7.14 Neutralization of a qualifying heat or race

A) The clerk of the course or the race director may decide to neutralize a qualifying heat or a race. This procedure will be used only if the track is obstructed, or if the drivers or officials are in immediate physical danger, but the circumstances are not sufficient to justify stopping the qualifying heat or race.

B) When the order is given to neutralizes the qualifying heat or race, all observer's posts will display waved yellow flags and a "SLOW" board (yellow board with the word "SLOW" written in black), which shall be maintained until the neutralization is over. Flashing orange lights will be switched on at the line.

C) All the competing karts must then line up behind the leading kart, and overtaking is strictly forbidden. Overtaking will be permitted only if a kart slows down because of a serious problem.

D) During the neutralization laps, the leading kart will dictate the pace, at a moderate speed, and all the other karts must remain in as tight a formation as possible.

E) The karts may enter the repair zone during the neutralization, but they may rejoin the track only when authorized to do so by a marshal. A kart rejoining the track shall proceed at a moderate speed until it reaches the end of the line of karts behind the leading kart. Overtaking is strictly prohibited

F) When the race director or the clerk of the course decides to end the neutralization, he will have the flashing orange lights switched off; this will be the signal to the drivers that the race is to resume next time the line is crossed. In the last neutralization lap, the "SLOW" boards will be maintained and the yellow flags will be show immobile.

G) At that moment, the leading kart will continue to set the pace, at a moderate speed. The race director or the clerk of the course will signal the resumption of the race by means of a waved green flag at the line. Overtaking will remain prohibited until the karts have crossed the line at the end of the neutralization of the qualifying heat or race. On approaching the line, where a green flag will be waved by the race

director or the clerk of the course, the drivers may accelerate only after crossing the yellow line preceding the line. The yellow flags and the "SLOW" boards at the observers' posts will then be withdrawn and replaced with waved green flags. These flags will be displayed for a maximum of one lap.

H) Each lap completed during the neutralization will be counted as a racing lap.

I) If the race finishes during the neutralization, the karts will take the chequered flag as usual, without being allowed to overtake. Overtaking will be permitted only if a kart slows down because of a serious problem.

7.15 Safeties

A) General Safety. CIK-FIA International Karting Regulation, General Prescription Article 2.14 and the Code (ISC)

B) Kart Safety. CIK-FIA International Karting Regulation, Technical Regulations Article 3 and the Code (ISC)

C) Equipment Safety. CIK-FIA International Karting Regulation, Technical Regulations Article 3 and 3.2 and the Code (ISC)

D) Provisional information of the meeting adapted to each race circuit / track license agreement / conditions. Additional information will be available in the Event Supplementary Regulations.

E) It is forbidden to use motorbikes, scooters or any other motorized vehicles in the Paddock, except where the Clerk of the Course has given special permission.

7.16 Paddock

A) Entrant, Drivers, Mechanic and Guest passes will be issued at the sporting check. All passes must be presented at any time and no one will be readmitted without a pass.

B) Only vehicles with authorized passes are allowed in the Paddock.

C) Each Paddock space (8x6meter) shall be equipped with at least one 5 Kg fire extinguisher

D) It is strictly forbidden to smoke or to use any device risking provoking fire in the Paddock area, it is forbidden to Cook in the Paddock, except with a special authorization from the Organizer

E) No Catering awnings are allowed in the Paddock, a separate area next to camping will be allocated, if space allows.

F) Ground sheets are compulsory to be used during the whole race week.

G) Refueling is only allowed in your allocated paddock space, and only with the use of ground sheet.

F) The starting up, running in, warming up or testing of kart engines in the Paddock as well as in the Reserved Areas (see Article 20 of the International Sporting Code) is strictly prohibited. Offenders will be penalised by a fine of minimum 250 €. In the event of repeated breach, the stewards may disqualify the driver concerned of the competition. In application of Article 12.2.3 of the Code, appeals against the stewards' decisions have no suspense effect when in the course of the same Competition, a further breach is committed justifying the Disqualification of the same Competitor.

7.17 Pregrid

A) Only one (1) driver per kart and one (1) mechanic is allowed in “Servicing Park” “Pregrid” and only with proven pass and/or proven identification

B) Open and closing times for “Servicing Park” and “Pregrid” will be announced in the time schedule.

C) Drivers who miss the “Pregrid Gate Closing Time” are allowed to start, but only from the “repair area zone” when the start is given. He is not allowed to follow the formation before (Heats, second chance, Pre-final and Final). For qualifying practice they can start after instruction of the clerk of the course from the repair area.

Case 1: repair area is after start/finish line, the whole field has to pass him when the start was given.

Case 2: repair area is before start/finish line, the whole field has to pass him when the start will be given, he is allowed to follow the field and take his start.

D) Mechanical help with or without tools in the pregrid area, drivers are allowed to start from the “repair area zone” when the start is given. He is not allowed to follow the formation before (Heats, second chance, Pre-final and Final). For qualifying practice they can start after instruction of the clerk of the course from the repair area.

Case 1: repair area is after start/finish line, the whole field has to pass him when the start was given.

Case 2: repair area is before start/finish line, the whole field has to pass him when the start will be given, he is allowed to follow the field and take his start.

7.18 Jurisdictions

Camp Company GmbH reserves the right to issue additional statement following the agreement of the ASN presenting the Series and the CIK-FIA, concerning the Rules and Regulations (previously approved by the ASN proposing the series and the CIK-FIA) from time to time, and all such statements will be issued to all registered competitors by way of Competitor’s Bulletins at the race event, or published on the official website.

The jurisdiction of a court is excluded for decisions of the FIA, the RFEdA, their jurisdictions, the stewards, the series organiser or the organiser as judge.

No claim for compensation of whatever kind may be derived from actions and decisions of the RFEdA or its jurisdiction as well as of RFEdA representatives or the series organiser, except in the case of a damage caused on purpose or by gross negligence.

7.19 Protests and appeals

The FIA International Sporting Code is applicable for protests and appeals, RFEdA Event Regulations and the RFEdA Legal System and Code of Procedure as well the FIA Legal System and Code of Procedure for FIA appeals.

Protest deposit - payable to the relevant ASN:

International / National status: will be published in the Supplementary Regulations of the relevant event

8 SERIES RULES AND PENALTIES

8.1 Front Fairing

The front fairing must be in the correct position at all times during a competition according to the CIK-FIA technical regulations.

If the judge of fact reports that the front fairing on one or more karts was no longer in the correct position when the “black and white chequered flag” was waved and the kart(s) concerned crossed the finish line, in all situations a time penalty of **5 seconds (for heats and races)** or **a drop down of three positions in qualifying practice sessions** will be imposed automatically on the driver(s) concerned. This time penalty is not susceptible to appeal (in application of Art. 12.2 ISC).

When the Scrutineers/Judges of Fact send the reports regarding the incorrect position of the front fairing, the Stewards will automatically apply the decisions, the stewards can also do a collected decision for the involved drivers in a session. The Entrants concerned shall not be invited to sign the decision documents.

Should a Driver or a third party be found/proved to have intentionally replaced a front fairing which is not installed correctly during the last lap or after the “black and white chequered flag” was waved this will lead to a disqualification from the involved session or in worse cases from the competition.

8.2 Leaving corridor

If a driver leaves the corridor (lines) before the start was given the following penalties will count.

Case A: 1 to 2 tires out of corridor	time penalty 3 seconds
Case B: more than 2 tires out of corridor	time penalty 5 seconds

8.3 Time penalty 5 seconds

In addition to the CIK-FIA General Prescriptions the Clerk of the Course have the power to decide a 5 seconds penalty. The penalty will be shown with the black and white flag in connection with the start number and a board 5 seconds at the start/finish line.

During the 2 last laps no flags will be shown, the clerk of the Course inform during the briefing on the procedure for the imposition and notification of these penalties.

If there are more offences of the same driver in the same session, the clerk of the course will report that to the stewards for possible further punishment.

It is not possible to go in protest against these decisions (in application of Art. 12.2 ISC).

In case a driver has 2 penalties, “front fairing” and “5 seconds clerk of course decision” in the same session, both penalties should be added to the results.

5 seconds penalties can be given for the following:

- Unfair driving behavior,
- Dangerous driving behavior,
- Ignoring the yellow flag,
- blocking a other driver to avoid overtaking,
- Not following the instructions of the stewards of the meeting or the clerk of the course,
- Leaving the corridor before the start,
- 2 tires – 3 seconds
- More than 2 tires – 5 seconds
- Causing a false start,
- blocking a other driver so he can't overtake
- Not following the specific instructions mentioned during the briefing.

For any incident that is not mentioned, but deemed incorrect by the clerk of the course, a sanction can be proposed by the stewards of the meeting.

The above mentioned incidents can also remain unpunished, or a more severe punishment can be applied, if the clerk of the course thinks it is appropriate.

8.4 Tires mounted with wrong driving direction

If a driver is detected in the “pregrid area” with tires mounted with wrong driving direction, he will be moved to the repair are/zone, there he should mount his tires correctly. Afterwards he can take the start of the session, first when the start was given at the start/finish line, **he is not allowed to follow the formation before.**
